District Representation at NAP Finals

Qualification and Subsidies

- Historically District 1 has run F2F qualifiers with east and west games in all flights
- Qualification and Subsidies are allocated to east and west players in accordance with notes below.
- With advent of online games and intervention of pandemic restrictions some qualifiers have been run online as single district wide games.
- When qualifiers are run as district wide games qualification and subsidies will no longer be allocated on east/west basis but will be awarded to top finishers in order.

Flight A (Open) - Single district wide online qualifier

- District 1 can send three (3) pairs to the ACBL NAP finals.
 - 1st place: \$700.00 subsidy per player from ACBL
 - 2nd place: \$300.00 per player from ACBL
 - 3rd place: earns the right to attend the finals with no ACBL subsidy.
- If, for some reason, a place is forfeited, the next ranking pair will be moved up until the three pairs have been determined.

Flight B (0-2500) & Flight C (Non-Life Master under 500) - Separate East and West F2F qualifiers

- District 1 can send four (4) pairs to the ACBL NAP Finals.
 - 1st place: \$700.00 subsidy per player from ACBL
 - 2nd place: \$300.00 per player from ACBL
 - 3rd and 4th place: earn the right to attend the ACBL Finals with no ACBL subsidy.
- In the even numbered years for the ACBL Finals, the 1st place subsidy, and the 3rd place non-subsidized participation are awarded to the Western portion of District 1, the Eastern portion being awarded the 2nd place subsidy and 4th non-subsidized seat for the finals.
- In the odd numbered years of the ACBL Finals, the 1st place subsidy, and the 3rd non-subsidized participation are awarded to the Eastern portion, the Western portion being awarded the 2nd place subsidy and the 4th place non-subsidized seat for the finals.
- If, for some reason, 1st or 2nd place pair chooses not to attend the finals, their place will be offered to the next pair on the list of their portion of the district and that pair will receive the subsidy allotted to their district portion as described above. Each portion of the district goes down its own list to send two pairs.
- If one portion of the district cannot fill its two seats for the ACBL NAP Finals, the available seat will be offered to the other portion of the district (and subsidy if applicable).

Tie-Break: *If there is a tie between two or more pairs in a district final, the score of these pairs will be recalculated to determine the pair that finishes before the other. For comparable boards, the calculations will be as follows: +1 for a win, +½ for a tie, 0 for a loss.*

Player subsidies

“Gross Roots” funds: It is the district board’s decision whether to allot some subsidy from the funds. Individual Units can also decide where or not to subsidize players who may be winners from their Unit.
